

You are invited by the REEA DREI Leadership Council to enter the REEA DREI Program and join the ranks of the REEA Distinguished Real Estate Instructors.

In becoming a REEA DREI you will be joining an elite group of teaching and presentation professionals. While there are and will continue to be various designations and certifications for instructors, the REEA DREI program is ***the only program committed to actually making you a better instructor.***

Becoming an excellent instructor is a progressive, incremental process that never ends. REEA DREI's are committed to a lifetime of improvement and advancement in instruction and regularly share and exchange presentation techniques, tips and course information. We applaud you for aspiring to become the best that you can be in the world of instruction.

The REEA DREI designees who serve as program mentors are a group of dedicated, high performance instructors committed to elevating the level of your skills, abilities and talents as an instructor. We trust you will enjoy and benefit from the journey.

New REEA DREI Candidate Mentor Sessions are launched throughout the year. The assignment to a mentoring session is based on receipt of your completed application and fee with confirmation of your current REEA Membership status.

The Process & Program for Becoming a REEA DREI

While becoming a REEA DREI requires a life-long commitment to excellence and improvement in your instruction, there are just 6 easy steps to obtaining your REEA DREI Designation. We firmly believe that nothing will improve your teaching as much or as quickly as going through the REEA DREI program. Every REEA DREI who has gone through the program comments that the process of becoming a REEA DREI did more to elevate their teaching skills than anything else they did during their professional career.

Please refer to the REEA *DREI Candidate Step by Step Application* for details of the program.

We Look Forward to Welcoming YOU and Working with you during your Candidacy. If you have any questions, please do not hesitate to contact anyone on the REEA DREI Leadership Council.
