For this first time, one of a kind
REEA Instructor Development Workshop
June 10, 2016 9am-4pm

Objective of this IDW: MASTERY OF THE 5 PRINCIPLES OF A DYNAMIC CLASSROOM CLIMATE:

- 1) Self-examination of philosophy, styles and techniques causes greater awareness of instructor effectiveness.
- 2) Students that are engaged in the process subsequently learn more.
- 3) Expertise of the learning styles of today's students will raise the level of instructor effectiveness.
- 4) Blending assessment tools into your instruction ensures students are learning.
- 5) Use of new tools and techniques will create a dynamic, interesting, supportive, and fun classroom experience.

Application of these principles will help you, as an instructor, maximize your teaching potential! Whether your teaching is rewarding or in a rut, join us in examining critical areas of instruction that will make you a better presenter and achieve greater satisfaction and enjoyment while teaching!

This IDW promises to take your instruction to new heights of experience. After all, when your experience is great, your students' experience will be too!

Join REEA Board Members Theresa Barnabei and Bruce Moyer, DREI
Friday, June 10, 2016 in Denver, Colorado
At the 2016 Annual REEA Conference as we help you with
